# NORTH CLACKAMAS ARTS GUILD FEBRUARY 2019

## 2019 Officers & Committee Members Needed

If you have never volunteered for an office or committee in The Guild, or if it's been awhile, please give it some thought! "Being on the Board" doesn't mean you have to do everything. It's four people willing to work together making the necessary decisions about The Guild. It's much easier to come to a consensus with four people than fifty, and **BONUS**, you still have the support and energy of all the committees and Guild members to carry those decisions out.

Our Guild is only as good as its members. We each have something unique to offer. Your thoughts, an idea, your point of view could give The Guild new energy. Our Guild is at a turning point! Without a full slate of board members we lose non-profit status and would be faced with disbanding!

I, like you, enjoy gathering together once a month to chat, laugh together and put art as my priority. It gives me encouragement to take out my paints and create or have the courage to try something new. The fellowship with creative artists is something I look forward to each month, not to mention the wonderful lunch hospitality always presents. It would be a huge mistake if we allowed this to go away!

PS: All are welcome at the 10am Board Meeting. By Barbara Seliner

## President's Message

Hello Everyone,

It's getting to be that time again. Nominating officers starts in March for 2019. If you would like to be an officer, or committee member, please contact me or let one of our current officers know. As an officer, four things have helped me...get involved, ask for help, be patient, and have fun. It happen this way, not by accident, but from all the support I get from the guild members and my fellow officers. Being your President has been so rewarding. I look forward to passing on the knowledge I have experienced in the past two years, and that includes the fellow officers as well.

Membership is the life blood of the guild, so lets make this happen. Great events lie ahead for the coming year by your involvement and input. Don't forget to pay your dues!

Until next month stay safe, healthy, and active in your guild.

Thank you, President Shirlee Lind

## Why show your art?

**Beyond any benefit** you might see as an artist the act of viewing art can have its own impact.

According to the [rubinmuseum.org](http://rubinmuseum.org), It is believed across all traditions of Tibetan Buddhism that the act of viewing artworks can be advantageous to one's spiritual and physical wellbeing.

## January Demonstrations

January's demo's were a preview of our next two workshops.

**John Halverson** will show us how to create dramatic skies on January 26. We already learned two-thirds of the painting should be sky and one-third land or water. John prefers we bring 5 to 6 smaller sized canvas, paper or other support to paint on. His emphasis is on how to create different dramatic skies to use as reference rather than focusing on completing one painting, finishing with five or six examples of dramatic skies.

Next, **Shirlee Lind** showed us the project for her 3-dimensional collage painting and talked about how she'll show us how to built up your painting with foam and poster board to create dimension, adding clay to sculpture some areas while using various other things you have at home (fruit web bags for windows, beans for cobblestones, oatmeal and plastic foliage, etc.) and a whole lot of Gesso to glue it together, to create a breathtaking painting. Her class will be three consecutive Saturdays in February. There is still room for a few more artists.

We endeavor to provide a comfortable environment in which artists can learn and benefit from each other's skills, knowledge, and methods.

Attending our meetings is a great way to meet fellow artists – plus you can bring a painting or two and have a friendly critique of your art work. Monthly demonstrations are given by some of the best Portland area artists and should not be missed. Questions are encouraged during the demonstrations so our monthly meetings are a wonderful learning experience.

### Classes and Workshops

In addition to the FREE monthly demonstrations, we also provide educational workshops throughout the year with a reduced tuition to NCAG members.
